

PIENAAR ENERGY (PTY) LTD

120-foot solar-powered container for port use

Overview

Provides 120V and 220V output power. Pre-Installed, configured and wired by RPS engineers. Choose between a GEL Deep Cycle Sealed Lead Acid battery bank or a next-gen Lithium Iron bank. See below for more. Battery storage system includes a solar arrays, power inverter and controller that connects the system to the grid. Fluctuations in power generation can be a problem for grid stability, in Hospitals, Airports. Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential appliances (air-conditioners, computers, lights, microwaves and more). Interport's shipping containers can be fully customized with a wide variety of modification options, depending on your power. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Boxhub is the leading provider of new and used shipping containers for solar panel installations and battery storage. How many containers do you need?
