

PIENAAR ENERGY (PTY) LTD

500kWh Intelligent Photovoltaic Energy Storage Cabinet Product Specifications

Overview

500kW power output with modular design, supporting expansion up to 1.5MWh (customizable based on your product specs). 95%+ round-trip efficiency, reducing energy loss and maximizing ROI. converters, energy management monitoring systems, power distribution quisionition of local load power, photovoltaic power generation priority is self-generation and self-use, and surplus electricity stora . Product Datasheet Download Outdoor energy storage cabinet integrates energy storage battery, modular Pcs, energy management monitoring system, power distribution system,environmental control system and fire control system. The system design is highly integrated. It is easy to install using the rack with a flexible. Outdoor Energy Storage System from 500 kVA/1116 kWh to 500 kVA/2232 kWh systems SUNSYS HES XL© Outdoor Energy Storage System from 500 kVA/1116 kWh to 500 kVA/2232 kWh systems Safety certified The system combines 2 top quality components to deliver a winning formula. Configure the rack modular. This product is a kind of energy storage equipment developed mainly for users with their need to long-time uninterruptible power supply, for example, families, villas, large hotels, shops, schools, hospitals, and various research institutions.

500kWh Intelligent Photovoltaic Energy Storage Cabinet Product Sp

500kW Energy Storage Cabinet-60kWH~ 500kWH Customized ...

500kW power output with modular design, supporting expansion up to 1.5MWh (customizable based on your product specs). Seamless integration with existing inverters for hybrid energy systems.
