

PIENAAR ENERGY (PTY) LTD

600kW Solar Containerized Wastewater Treatment Plant in Ghana

Overview

In a major boost to sustainable cocoa manufacturing and environmental protection in the country, Cargill Ghana has commissioned a \$4 million state-of-the-art wastewater treatment plant, an advanced air filtration and solar energy expansion at its Tema Free Zones processing plant. The treatment plants will be installed at the Kumawu District Hospital, a new medical facility being built in the Sekyere Kumawu District, and the Fomena District Hospital, also a new facility located in the Adansi North District. WEC Projects is supplying the Model E trickle filter plant for both. AMPAC is specifically designed for sewage treatment. Ampac Modular Sewage Treatment Plants are compact, configurable, effective, versatile, durable and simple. Gujarat Ion Exchange and Chemicals Ltd is one of the largest Industrial RO Plant manufacturers, suppliers and exporters in Accra, Ghana.
