

PIENAAR ENERGY (PTY) LTD

80kWh inverter cabinet installment payment

Overview

Inverters R Us has partnered with PayPal so that you can pay for your new power inverter or solar project today and pay it back over time. For a quick answer, here's why investing in a solar inverter with installment options is a smart choice: Eco-friendly power: Harness clean energy from the sun. Reliable backup: Ensure continuous power during outages. There are multiple ways to pay, choose. This high-power, low cost solar energy system generates 80,240 watts (80 kW) of grid-tied electricity with (136) 590 watt Axitec XXL bi-facial model PS590M8GF-24/TNH, GoodWe single-phase string inverters, 24/7 monitoring, disconnect box, rooftop. Solar panel systems typically last for 25 years or more and offset most or all of your monthly electric bill, which means you can avoid the vast majority of that. The TS-I HV 80 E can be combined with renewable energy sources such as photovoltaics or wind power to form a stand-alone system, thus providing an off-grid electricity supply that is not only greener, but also more cost-effective. Because the TS-I HV 80 E allows the battery to be used in multiple. Wall hangers and mounting hardware included. installation Durable, double powder coated steel with clear coat Superior corrosion and rust resistance Distinctive hammered finish Mounting hardware and installation instructions included Specs: Weight capacity This hanging rack lets you keep.
