

PIENAAR ENERGY (PTY) LTD

**A company that makes power
supplies for solar telecom
integrated cabinets**

Overview

ArmorLogix manufactures modular, solar-powered telecom cabinets for autonomous operation in locations where power is unavailable. With strong customization and integration capabilities, we combine power supply, cooling, monitoring, and communication modules to engineer robust systems for. Solara Technical provides assistance with definition & design of power systems, installation program management & site turn-up, technical training, proper site grounding per Motorola R56 and lighting protection to National Fire Protection Association 780. Proper design starts with proper system. These products integrate the latest energy management technologies and environmentally friendly materials, aiming to promote the green transformation of communication networks from source to end, and contribute to the construction of a “low-carbon” network ecology. Remote Telecom System Spec Sheet A single factory-built cabinet provides simple, clean. Integrates solar input, battery storage, and AC output in a compact single cabinet. Offers continuous power supply to communication base stations—even during outages. Remote diagnosis, performance tracking, and fault alerts through intelligent BMS. Versatile capacity models from 10kWh to 40kWh to.
