

PIENAAR ENERGY (PTY) LTD

Afghanistan develops solar panel manufacturers

Overview

KABUL: A Chinese investor, in a meeting, with the Deputy Minister of Industry and Commerce Mawlavi Ahmadullah Zahid, has said that he is ready to invest 40 million U. dollars in establishing a solar panel-producing and installing factory in Afghanistan. Developing a local solar manufacturing industry here isn't just an economic aspiration; it's a practical path toward energy independence, job creation, and a sustainable future. If you're an entrepreneur or investor with your sights set on this vibrant market, understanding the available government. We're the #1 solar energy provider in Afghanistan! Etemad Sun Solar (ESS) Company, founded in 2018, is an Afghan-owned manufacturer of Solar Panels, holding Business License#: 58058 from the Ministry of Commerce and Industries of the Government Islam Republic of Afghanistan. Zularistan has established partnership for solar IPP. The Pirzada Group of factories (TPG) latest venture into renewable energy by a group of companies that have a rich history of over two decades in engineering and manufacturing activities. Afghanistan's abundant solar energy potential, with an average of 300 sunny days per year, presents a significant opportunity to address the country's electricity challenges.
