Are there any subsidies for companies to install energy storage cabinets

Overview

With the ITC, businesses can deduct up to 26% of the cost of installing energy storage systems from their federal taxes. Energy storage subsidies are financed through a combination of government policies, funding allocations, and incentives aimed at promoting the development and deployment of energy storage technologies. With programs like SGIP, ITC, and ConnectedSolutions, businesses can save big. Discover how PowerFlex helps you navigate incentives and optimize ROI.
