

PIENAAR ENERGY (PTY) LTD

Bangladesh smart solar battery cabinet manufacturer

Overview

Our energy systems boast up to 99.9% uptime, with advanced features like AI-powered monitoring, seamless grid switching, and extreme safety via LFP battery technology. With 32 local employees and 6 international engineers, we bring international quality with localized execution. Ahead Solar is a joint venture between Ahead Solar Ltd. and Zhejiang SAV Digital Power Technologies Ltd. As a proud part of the Jack Group (603337.SH), we are committed to delivering efficient, future-ready energy. SEPC is a leading solar energy provider in Bangladesh, offering comprehensive solutions for the design, installation, and maintenance of solar plants, highlighting its commitment to renewable energy and sustainability. With increasing demand for renewable energy integration and grid stability, businesses are turning to specialized solutions like BESS (Battery Energy Storage). BESS: unlocking the potential of renewable electricity. Electricity is increasingly being generated from renewable sources – solar, wind, geothermal, bioenergy and hydropower – but their output is intermittent.
