

PIENAAR ENERGY (PTY) LTD

Bulgaria solar solar container battery Solution

Overview

With 140kW solar and 215kWh battery in a 40ft container, it handles heavier industrial loads in harsh outdoor conditions, supporting sustainable operations with minimal maintenance. Need a Local Quote?

Contact us immediately for local quotations and support in Bulgaria. In 2024, GSL ENERGY completed a 7.45 MW battery energy storage system (BESS) in Bulgaria, which is used in conjunction with a large-scale solar photovoltaic power plant to provide stable, clean electricity to remote areas. The implementation of this project not only improved the utilization rate of. Solar's share of Bulgaria's annual electricity generation increased from just 4% in 2022 to 13. This surge has led to lower daytime electricity prices in the day-ahead market, with zero and even negative price events becoming more common. Equipped with durable 480W PV panels, it supports manufacturing zones or logistics hubs where autonomous power is essential. Now, three years later, how is this system running?

What value has it brought to customers?

This.
