

Overview

Grocery lockers facilitate same-day or express delivery for customers who prefer not to wait for home delivery. Retailers partner with delivery services to drop off orders directly into lockers, ensuring freshness and reducing delivery failures. They eliminate the need for long checkout lines and reduce in-store contact. Many traditional brick and mortar retailers are turning to delivery lockers as an option for customers to pick up orders at a local store that were placed on-line. AirLocker Smart Lockers have proven they can smooth the last few steps for retailers who want to offer an alternative to long queues of. These are keyless, robust and secure lockers with electronic lock, rfid locker, fingerprint lock, pin code lock with touchpad, lock with barcode scanner. The software can be used to view the occupancy of the system and to personalize compartments.
