

PIENAAR ENERGY (PTY) LTD

Chunlan Solar Power Generation

Our Lifepo4 batteries can be connected in parallels and in series for larger capacity and voltage.

Overview

Ever wondered what happens when a football field-sized battery shakes hands with renewable energy?

Let's talk about the Chunlan Energy Storage Power Station – the overachiever in China's clean energy report card. Chunlan is proudly serving for the energy storage industry with its battery cell and pack, which is widely used in the new energy industry, together with PV power supply and so on. With our 310Ah large capacity LFP cell, Chunlan help to reduce the overall cost of MW scale containerized ESS by 10%. The first set of Chunlan air conditioner was produced in 1973, it made Chunlan the longest professional history of air conditioner manufacturing in China. This 800MWh beast in Jiangsu Province isn't just storing power; it's rewriting the. Let's face it – the energy storage game is hotter than a Tesla battery on a summer road trip.
