

PIENAAR ENERGY (PTY) LTD

**Come to Daqiu Zhuang to see
the photovoltaic bracket**

Overview

Modern photovoltaic brackets aren't just metal sticks holding panels - they're precision-engineered systems balancing three critical factors: The Daqiu Zhuang engineering team, led by Dr. Liu Fei, recently patented a cable-stayed design that's turning heads in the industry. When a 2024 typhoon ripped through coastal solar farms, Daqiu Zhuang Photovoltaic Bracket installations stood firm while conventional arrays collapsed like house of cards. This real-world stress test proved what engineers like Liu Fei have known for years - smart structural design makes all the difference. It is located in Daqiu Zhuang, Tianjin, China's largest steel pipe production base, covering an area of 1,450 acres and with a net asset of 100 million RMB in the Tianjin Industrial Zone.

?

?

Daqiu Zhuang Town, specialized manufacturing the steel pipe galvanized coils, PPGI and the efficiency of photovoltaic systems. It has a production scale of 1000MW. She engages in manufacturing high-quality solar Co.
