

PIENAAR ENERGY (PTY) LTD

Corrosion-resistant outdoor cabinet for scientific research stations

Overview

Whether you need to store a particularly corrosive acid, base, or solvent, Justrite offers a range of laboratory cabinets designed to prevent corrosion and reduce laboratory accidents. Our laboratory chemical storage cabinets are FM approved, and manual closing cabinets also meet OSHA. These cabinets provide secure storage and offer clean, professional aesthetics. Metal cabinets are ideal for high-traffic or high-impact settings. Ideal for outdoor and washdown applications, the 4X series adds corrosion resistance (via stainless steel or non-metallic materials) on top of NEMA 4-level protection. Durable, compact. Chemicals used in labs should always be stored in approved lab cabinets.

Corrosion-resistant outdoor cabinet for scientific research stations

Outdoor Stainless Steel Electrical Cabinet , Corrosion Proof

Get ultimate protection for outdoor electrical systems with our corrosion-proof stainless steel cabinets. Designed for harsh weather, these weatherproof enclosures offer lasting durability.
