

## PIENAAR ENERGY (PTY) LTD

# Delivery period for bidirectional charging of outdoor telecom cabinets

 **TAX FREE**    

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

ENERGY STORAGE SYSTEM

## Overview

---

Each cabinet undergoes pre-installation, configuration, and joint testing before delivery. Accurate calculation of battery requirements is crucial for optimal performance. For example, at 80% discharge, system efficiency reaches 64%, whereas at 20% discharge, it decreases to 36%. Designed to house a variety of communications equipment, CUBE customers take advantage of our engineering and factory integration for equipment mounting. The ORC houses DC power, batteries and equipment. Marine grade aluminium construction and fully sealed technology guarantee a long maintenance-free life for the cabinet and complete protection for equipment inside. There is a wide range of equipment mounting, cooling and battery. As 5G networks evolve toward deep and comprehensive coverage, telecom equipment is being deployed at unprecedented density—across city streets, residential communities, and even remote regions. In this context, the EverExceed Outdoor Integrated Telecom Cabinet plays a vital role as the physical. Constructed to provide superior protection in all environments, ABS cabinet solutions offer maximum flexibility for customizable turn-key options that future proof growing networks. Designed to save deployment cost and time, our innovative solutions include hub collapse, battery backup, composite. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management.
