

**PIENAAR ENERGY (PTY) LTD**

# **Djibouti installs solar air conditioners**

## Overview

---

Djibouti's \$390 million solar farm is under construction in southern Djibouti as a result of a public-private partnership between Djibouti's Ministry of Energy and Natural Resources and Green Enesys, a German renewable energy firm. A: Djibouti's Renewable Energy Fund currently offers 20-25% rebates for commercial installations. □□. Working hand in hand with the Ministry of Energy, the United Nations is supporting Djibouti in transforming abundant sunlight into affordable, reliable, and clean energy for all. Through the joint programme Promoting solar self-consumption for sustainable energy in Djibouti, supported by a. Djibouti aims to become the first African country to produce 100% of its electricity from renewable sources by 2035. Under the leadership of Yonis Ali Guedi, minister of energy since 2017, the country is increasing its solar and wind power projects. The country has set an ambitious goal to achieve 100% renewable. PV plant in Djibouti. Amea Power continues i across its territory. The construction of the first large-scale solar generation project began in November 2022 in the Gran Bara Desert, which is located in the cou ge project in.
