

PIENAAR ENERGY (PTY) LTD

Egypt customized energy storage system

Overview

Cairo, Egypt - In a historic move for North Africa's energy sector, AMEA Power has successfully commissioned Egypt's first-ever utility-scale Battery Energy Storage System (BESS) —a 300 MWh facility integrated with its 500 MW Solar PV plant in the Aswan Governorate. Courtesy: Trina Storage Energy storage also has entered the picture. The 300 MWh facility, fully powered by solar PV. According to the developers, the \$700 million giant project will be Africa's largest single-site hybrid renewable facility. Amea Power began construction before financing was completed. The company plans to build projects with a total capacity of 1,500MWh. They will enhance grid stability and increase.
