

PIENAAR ENERGY (PTY) LTD

Eve battery cells

Overview

In June 2021, Eve Energy announced a phased expansion plan of its facilities located in the Jingmen High-Tech Industrial Zone, located in, Hubei. At the time, 11 GWh was already operational, another 11 GWh was already under construction, and 82.5 GWh was planned to be built in phases, for a total of 105.5 GWh of annual capacity. At the time, the facility made NMC batteries for use device applications such as power tools.

Eve battery cells

Energy Storage

Build an energy storage lithium battery platform to help achieve carbon neutrality.
