

**PIENAAR ENERGY (PTY) LTD**

# **GAC New Energy Energy Storage**

## Overview

---

On March 22, GAC Group announced the establishment of GAC Energy Ecological Technology Co. (tentative name), focusing on the national dual-carbon strategic goals, building a charging, swap ping and storage energy supply ecology and battery recycling ecology. Project: GAC New Energy Industrial Park 2MW/1MWh Charging Pile Energy Storage Project Application scenario: virtual power plant Date: September 2019 Location: Guangzhou, Guangdong Installed capacity: 2MW/1MWh Introduction: The project is equipped with a 30-foot 1MW/0.5MWh lithium iron phosphate. ents making it faster and more efficient. With the company's expanding production scale and increasing requirements for Enterprise Energy Management, the construction of. CATL and GAC will deepen long-term cooperation in battery rental and joint station construction to fully advance CATL's Choco-Swap ecosystem. ("GAC Energy"), a wholly-owned subsidiary of GAC Group, and Guangzhou Suikai Power Energy Corporation ("Suikai Power Energy") held a strategic cooperation signing ceremony at GAC Energy's headquarters, according to a post on GAC. China's GAC declares a breakthrough in solid-state EV battery . State-owned GAC has operated a plant to produce conventional lithium iron phosphate (LFP) batteries for its Aion-branded EVs in its hone base of Guangzhou. GAC also unveiled a new hydrogen energy power system, which consists of a.
