

PIENAAR ENERGY (PTY) LTD

Galvanized accessories for photovoltaic brackets

Overview

Discover high-quality solar mounting accessories from China: hot-dip galvanized angle iron, nuts, bolts & solar brackets. Durable, reliable solutions for your photovoltaic projects. Each accessory is critical in. Galvanized dacromet iron steel photovoltaic ground mounted solar racking systems structure AS-SLC-02 is used for solar pv ground mounting system. Material is carbon steel Q235 with galvanization or dacromet treatment, it's with nice performance in antirust and corrosion resistance. Our products comply with international standards such as ISO 1461 and ASTM A123, ensuring excellent corrosion. Our brackets are made of high-quality hot-dip galvanized steel, which has strong corrosion resistance and can maintain long-term stability in harsh weather and environment, especially suitable for humid, salt spray or extreme climate areas. Constructed from high-quality C-steel, these brackets provide robust support for various solar applications.

Galvanized accessories for photovoltaic brackets

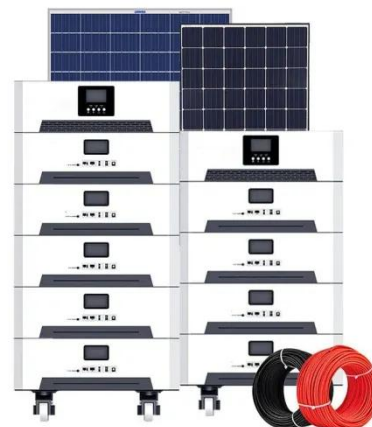

Solar panel steel frame accessory,galvanized steel pipe clamp

Galvanized solar panel mount triangle brackets AS-P60-PTB is used for connecting C shape steel profile on the solar panel ground mounting or flat roof solar panel structure.
