

PIENAAR ENERGY (PTY) LTD

Georgia Outdoor Power Supply Monopoly Number

Overview

It is a for-profit corporation granted a monopoly franchise by the people of Georgia through the state legislature. Georgia is facing a crisis in 2025 that will shape our state's economy, public health, and climate for generations. The truth. 2,804,103 total Georgia Power customers as of Dec. In employee giving Value of 100,000 hours volunteered by our employees and retirees Georgia Power and the Georgia. Sadly for Georgians, we have the second highest electric retail rates in the Southeast, but before you decide to shop around for a better deal, I have more disheartening news. In Georgia, the PSC is a five-member elected body that regulates the main electric utility, Georgia Power, as well as natural gas pipelines and telecommunications. On Wednesday, state regulators tasked with overseeing the monopoly's prices voted to move up the start of that rebate, which they estimated will save the average household \$2.
