

PIENAAR ENERGY (PTY) LTD

High voltage solar energy storage cabinet lithium battery with inverter

Overview

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ensuring reliable performance in various environments. With extensive experience and innovative technology, this home battery delivers reliable backup power during emergencies. The all-in-one air-cooled ESS cabinet integrates long-life battery, efficient balancing BMS, high-performance PCS, active safety system, smart distribution and HVAC into one. By comprehensively applying the complementary advantages of energy storage, wind power, photovoltaics and diesel power generation, we can achieve optimal energy allocation, enhance regional energy self-sufficiency, reduce the construction and maintenance costs of traditional distribution systems. In the realm of self-reliance, the AIMS Power KIT Hybrid Inverter & Lithium Battery Cabinet stands as a beacon of power autonomy, merging the realms of off-grid living, emergency preparedness, and sustainable living into one robust package. This system is not just a piece of equipment; it's a 30kW/60kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, which can be flexibly expanded and easy to install and maintain. The whole machine is explosion-proof.
