

**PIENAAR ENERGY (PTY) LTD**

# **Home photovoltaic panel customization**

## Overview

---

Wondering if solar panels can be custom made?

Learn how tailored designs can optimize energy production and enhance visual appeal for your unique needs. Whether it's a rooftop, carport, or unique structure, our panels are adaptable to any surface. With multiple mounting options and seamless architectural integration, we ensure your system not. Start by completing our simple design form, which helps us gather the details we need about your structure and energy goals. From there, you'll have an initial sales consultation with our NABCEP-certified design team. This personalized solar design helps you to make an informed, unbiased decision to find the best solar power system at the lowest cost. Take our quick questionnaire to create a custom solar panel kit. Check out our quick guide to customized solar panels, including their feasibility, target audience, and production process.
