

**PIENAAR ENERGY (PTY) LTD**

# **How big a solar panel should I use for 16 batteries in series**

## Overview

---

Use our solar panel size calculator to find out what size solar panel you need to charge your battery in desired time. Simply enter the battery specifications, including Ah, volts, and battery type. Going solar doesn't have to be confusing. This free DIY solar calculator makes it simple to estimate the size of your solar array, the number of panels, battery storage, and the inverter. An off-grid solar system's size depends on factors such as your daily energy consumption, local sunlight availability, chosen equipment, the appliances that you're trying to run, and system configuration. This guide walks you through how to size each part, so your system fits your home, your habits, and your future goals. Also the charge controller type and desired charge time in peak sun hours into our calculator to get.
