**How many kW of photovoltaic
can a 5kW inverter be installed
at most**

How many kW of photovoltaic can a 5kW inverter be installed at mo

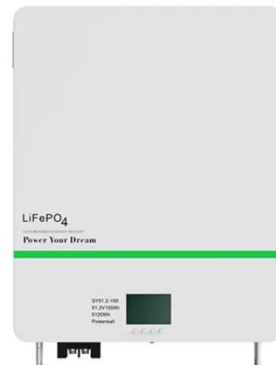

I've been told my maximum solar system size is 5kW. Is that ...

The system size limit is almost always based on the rated inverter 'AC output'. So you can usually add 6.6kW of panels to a 5kW inverter and still respect the 5kW system size limit. The link above ...
