

## PIENAAR ENERGY (PTY) LTD

# How much does a 100kW custom outdoor cabinets cost in the middle east

## Overview

---

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety system all housed within a single outdoor rated IP55 cabinet. The PCS provides a 400V three-phase AC output at 100KW for outdoor commercial and industrial (C&I) installations. Integration Product: power module, battery, refrigeration, fire protection, dynamic environment monitoring and energy management in one. It is suitable for microgrid scenarios such as. The Monet series outdoor energy storage cabinet integrates energy storage batteries, modular PCS, energy management monitoring system, power distribution system, environmental control system, and fire control system. The outdoor cabinet. Fast Power Response: The product can support virtual power plants and grid-connected/off-grid mode. Cost-Effective and High-Performance Our solution is an all-in-one package: Battery packs, charge controller, BMS, EMS, and PcS, all integrated into a single unit with a highly efficient three-level topology to optimize. For larger projects, these cabinets can be configured into high-power systems: 250kW / 645kWh System: Utilizes a 3P1S cabinet configuration. 500kW / 1075kWh System: Utilizes a 5P1S cabinet configuration.
