How to check the photovoltaic panel account number

Overview

Verify your solar panel by entering the serial number located at the back of your solar panel. To be clear, not asking for microinverters S/N; those are in the app. @Balingit_1999 : The Enphase app does not provide. You can find the product serial number on the module front top or the side of the module frame as shown in the figure. How can we help you?
