How to unpack vertical photovoltaic panels

**SUPPORT REAL-TIME ONLINE
MONITORING OF SYSTEM STATUS**

Overview

Before unpacking, verify the product type, power bins, serial numbers, and instructions provided on the packaging box. Avoid using unauthorized unpacking methods. Use a utility knife to carefully remove the packing belt and. Canadian Solar is committed to provide high quality and high performance solar modules to assist your PV business growth. Scroll to the bottom of any page to find a sun or moon icon to turn dark mode on or off!

OK, got my panels finally, and am trying to unpack them. One thing I had not planned for is the panels are stacked vertically on the pallet not horizontally. Probably safer for shipping that way, but it seems. To ensure the safety of loading, unloading, unpacking and storage of PV modules, please read this manual carefully. When you need to unpack and install the modules, you can search and download relevant content from Jinko's official website.

How to unpack vertical photovoltaic panels

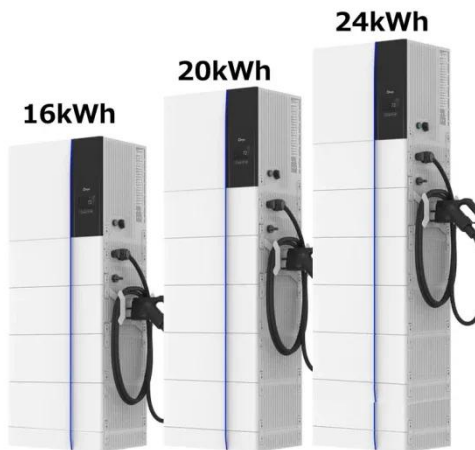

Illustration of unpacking method for vertical photovoltaic panels

Unpacking of PV modules should always be done in the vertical manner by two persons as shown in the diagram. Also care should be taken for falling over one module to the other inside the packing box.
