

**PIENAAR ENERGY (PTY) LTD**

# **Huawei inverter energy storage project**

## **Lithium Solar Generator: S150**

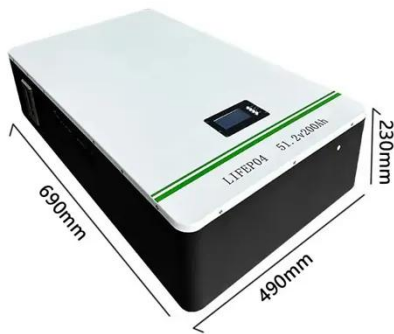

## Overview

---

Featuring a 400MW solar PV system coupled with a 1.3GWh energy storage system, this ambitious project is set to revolutionize sustainable energy solutions in hospitality. Global technology giant Huawei is at the helm of this groundbreaking venture. Huawei Saudi Arabia's Red Sea Project is making headlines with the construction of the world's largest photovoltaic-energy storage microgrid. It builds a product ecosystem centered on solar inverters, charge controllers, and energy. Huawei FusionSolar's Grid-Forming ESS solution launched in the past has already been deployed at the Red Sea destination in the Middle East, which combined 400MW of PV capacity of 1.3GWh. It has been. China's Huawei has built a 400 MW/1.3 GWh solar-plus-storage off-grid facility in Red Sea New City, Saudi Arabia.
