

PIENAAR ENERGY (PTY) LTD

Huawei makes solar panels in East Africa

Overview

Huawei, the leading global provider of digital power products and solutions, has launched new Smart PV Solution, Residential LUNA 2.0 into the Eastern Africa market. It is suited to residential homes and Small, Medium and Micro Enterprises (SMME) offices across Eastern. HUAWEI FusionSolar advocates green power generation and reduces carbon emissions. It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. Du Peng, chief executive officer of Huawei Digital Power Eastern Africa, said that a green future. Limited urban land and space for solar installations slow renewable energy adoption in African telecom infrastructure. Ethio Telecom, in collaboration with Huawei, has deployed Africa's first Solar-on-Tower solution, integrating solar panels directly on telecom towers to overcome power challenges. Chinese technology giant Huawei Digital Power has launched its 150K series inverter to boost the adoption of solar energy in Africa, especially in Kenya.
