

PIENAAR ENERGY (PTY) LTD

Huawei outdoor power semi-finished products

Overview

It integrates the outdoor cabinet, temperature control unit, telecom power supply, monitoring unit, network management system, AC and DC power distribution units, and surge protective devices. It also provides sufficient space for housing customer equipment. It can be decoupled from buildings and supports flexible capacity expansion and outdoor deployment. The ultra-lean structure enables 1 blade per site while keeping reliability, helping cut TCO and carbon. These power solutions are designed to support the diverse needs of telecom infrastructure, from data centers to wireless towers, ensuring uninterrupted service delivery.
