# **Hungarian energy storage project on-grid electricity price**

## Overview

---

Summary: Explore the latest price trends, market drivers, and procurement strategies for photovoltaic energy storage materials in Hungary. How much does Hungarian government spend on energy storage projects?

The Hungarian government has allocated HUF 62 billion (EUR 158 million) for energy storage projects with an overall 440 MW in operating power. Hungarian authorities launched the tender for grid-scale batteries on January 15 and. The European Commission has approved a €1. 1 billion Hungarian measure affect electricity storage capacity?

This €1.
