

**PIENAAR ENERGY (PTY) LTD**

# **Hungary invests in photovoltaic container room**

## Overview

---

Hungary's largest energy storage facility is currently under construction near Szolnok, with Chinese company Huawei involved in the solar energy project. The contract was signed in February, with MAVIR Ltd. in a 66 MW PV project to Hungarian MOL Group. The solar farm will begin commercial operation in Q1 2025. From portable units to large-scale structures, these self-contained important part of the national energy supply. The expansion of solar. Hungary is a European leader in solar photovoltaic (PV) adoption, with solar power already accounting for nearly 25% of its domestic electricity generation. 5 gigawatts (GW), surpassing its original 2030 target of 6 GW six years ahead of schedule.
