

**PIENAAR ENERGY (PTY) LTD**

# **Industrial and commercial photovoltaic energy storage batteries**

## Overview

---

Commercial and industrial energy storage systems (C&I ESS) refer to large-scale battery solutions designed to store electricity for businesses, manufacturing plants, and commercial buildings. It typically involves advanced battery technologies. A professionally designed solar battery system enables industrial parks factories and utility scale projects to manage energy more efficiently while protecting operations from power disruptions. This 30kW all-in-one commercial & industrial BESS system integrates lithium battery storage.
