Ireland Outdoor Power BESS

Overview

Construction is underway by Statkraft at Ireland's first 4-hour grid-scale battery energy storage system (BESS) in County Offaly, in Ireland's midlands. Where developers once had a degree of certainty as part of the DS3, its ancillary market services framework, changes to that scheme are causing major uncertainty among. Cushaling 4-hour BESS in foreground, with new 110kV substation in the background. SSE Renewables acquired the project development rights for the Thornsberry BESS.
