

PIENAAR ENERGY (PTY) LTD

Is it okay to bring an outdoor power supply when going to Hungary

Overview

Only type F power points are permitted because they are grounded and therefore significantly safer. The only (and rare) exception to this rule is that an old type C outlet should be replaced by a new one. Like most countries in Europe and many around the world, Hungary's. Can North Americans use Electronics in Hungary without an Adapter?

No! North Americans will need an adapter for the outlets and a transformer for the voltage when traveling to Hungary. North Americans device plugs will not work with the outlet types in Hungary. Here is a quick guide to help you figure out if you need a travel adapter for Hungary: [What Power Plugs](#). This normally includes the use of a travel adaptor, which is a device that simply allows you to plug any UK electrical appliance into a foreign electrical socket.
