

**PIENAAR ENERGY (PTY) LTD**

# Islamabad Airport uses IP66-compliant battery cabinets for fast charging

**LFP 12V100**

## Overview

---

According to an auction notice issued by the Pakistan Airports Authority (PAA), the project will include the airport's first dedicated Electric Vehicle (EV) charging station alongside a conventional petrol pump. The EV charging facility will be part of a multi-purpose fuel and service complex. □ This document is based on the provisions set out in the 2025-2026 Edition of the ICAO Technical Instructions for the Safe Transport of Dangerous Goods by Air (Technical Instructions) and the 66th Edition (2025) of the IATA Dangerous Goods Regulations (DGR). This article explores why a battery charging safety cabinet is essential, how it meets US and EU regulations. Power Solutions Pvt Ltd excels in crafting premium-grade armored battery and rectifier cabinets, meticulously engineered to tackle the unique challenges of theft prevention at BTS sites.

## Islamabad Airport uses IP66-compliant battery cabinets for fast charging

LiFePO<sub>4</sub> Battery, safety

Wide temperature: -20~55°C

Modular design, easy to expand

The heating function is optional

Intelligent BMS

Cycle Life: > 6000

Warranty: 10 years

### Islamabad Airport to Get EV Charging and New Fuel Station

By integrating EV charging into its land-side infrastructure, Islamabad International Airport is positioning itself as a more future-ready transport hub for both domestic and international travellers.
