

PIENAAR ENERGY (PTY) LTD

Italy s new solar glass

Overview

Italian architectural-energy specialist New Time plans to bring next-generation solar manufacturing to Italy through a collaboration with China's Huasun, aiming to install a 1-GW production line for heterojunction (HJT) modules enhanced with perovskite layers. Chinese manufacturer Huasun and Italian developer New Time plan to jointly develop a 1 GW heterojunction-perovskite tandem solar line in northern Italy by the third quarter of 2026, with public support and a focus on building-integrated photovoltaic (BIPV) applications. The collaboration aims to combine advanced technologies such as HJT. A delegation led by Mr.
