

**PIENAAR ENERGY (PTY) LTD**

# **Jianmei Aluminum Photovoltaic Panel Price**

## Overview

---

Aluminum frames act as the “skeleton” of photovoltaic modules, balancing durability, weight, and cost. Here's what shapes their pricing: Raw Material Costs: Global aluminum prices fluctuated between \$2,100 and \$2,600 per metric ton in 2023. Betensh Aluminium is a brand of Jian Mei Aluminum Group, a professional manufacturer and exporter of aluminum profiles and aluminum products, such as aluminum fences, gates, carports, pergolas, and other fabrication products. Aluminium Solar Panel Frame, also known as Extruded Aluminium Frame, hugging the glass covering on top and the back-sheet at the bottom, has been important, though often ignored component of a solar. China's 14th Five-Year Plan requires 1,200 GW of combined wind and solar capacity by 2025, translating to annual photovoltaic additions exceeding 100 GW. This creates sustained demand for aluminum frames, with each GW of solar installations needing approximately 35,000 tons of aluminum extrusions. Anodized, electrophoresis, Powder coating, PVDF coating, wood-grained. Various colors as per customer's requirement. Excellent waterproof, heat-resistant 2. Sound insulation. Our Solar Panel Price List offers exceptional quality within the Solar Panels category. Identifying a reputable supplier in China involves researching online platforms, attending industry expos, and verifying suppliers' certifications. Requesting quality assurance documents and sample products can.
