

PIENAAR ENERGY (PTY) LTD

Jinlang photovoltaic inverter cable connection method

Overview

COM2 and COM3 are RS485 connections between inverters and both RJ45 and Terminal block are provided for use. How to connect PV array to inverter?

Switch the Grid Supply Main Switch (AC) OFF. Before connecting inverter, please make sure the PV array open circuit voltage is within the limit of the inverter 2.

Jinlang photovoltaic inverter cable connection method

Correct connection method of photovoltaic inverter cable

In this guide, I will walk you through a step-by-step process to seamlessly connect your solar panels to an inverter, enabling you to fully enjoy the benefits of solar energy while contributing to a greener and ...
