

PIENAAR ENERGY (PTY) LTD

Latest on dominican energy storage renovation project

Overview

The solicitation specifically seeks to contract new wind and solar photovoltaic generation bundled with storage systems, with project capacities ranging from 20 MW to 300 MW, to reach the 600 MW total. The conditions establish a supply period of 15 years. In a significant move to modernize the national power grid, the Unified Council of Electricity Companies (CUED) has unveiled a public tender for up to 600 megawatts (MW) of new renewable energy generation. Marking a national first, the bidding process mandates the inclusion of battery energy. Veras noted that the country is making significant strides in both renewable energy adoption and energy storage integration, which is vital for ensuring the stability and reliability of the energy grid. Veras pointed out that energy storage, once financially unviable, is now becoming a reality due. The call, by the Unified Council of Distribution Companies (CUED), will be the first in the nation to require projects to include batteries with storage capacity of at least four hours.

12.8V6Ah

Nominal voltage (V):12.8
 Nominal capacity (ah):6
 Rated energy (Wh):76.8
 Maximum charging voltage (V):14.6
 Maximum charging current (a):6
 Floating charge voltage (V):13.6-13.8
 Maximum continuous discharge current (a):10
 Maximum peak discharge current @10 seconds (a):20
 Maximum load power (W):100
 Discharge cut-off voltage (V):10.8
 Charging temperature (°C):0-+50
 Discharge temperature (°C):-20-+60
 Working humidity: <95% RH (non condensing)
 Number of cycles (25 °C, 0.5C, 100%doD): >2000
 Cell combination mode: 32700-4s1p
 Terminal specification: T2 (6.3mm)
 Protection grade: IP65
 Overall dimension (mm):50*70*107mm
 Reference weight (kg):0.7
 Certification: un38.3/msds

Construction starts on 99MWh battery unit in Dominican Republic

Construction has started on the first major solar-plus-storage project in the Dominican Republic, which features a 24.8MW/99MWh battery energy storage system (BESS).
