# **Liquid-cooled solar container lithium battery energy storage cabinet working price**

## Overview

---

The price of the Liquid-Cooled Container Energy Storage System is based on EXW (Ex Works) terms and may vary depending on system capacity, cooling configuration, supplier, quantity, and market conditions. GSL Energy proudly introduces the CESS-125K232, an industrial-grade AC-coupled containerized energy storage system with a total capacity of 232.9 kWh and continuous output power of 125 kW. This liquid-cooled lithium battery system is tailored for large-scale commercial and industrial applications. MEGATRON 1500V 344kWh liquid-cooled and 340kWh air cooled energy storage battery cabinets are an integrated high energy density, long lasting, battery energy storage system. Each battery cabinet includes an IP56 battery rack system, battery management system (BMS), fire suppression system (FSS). This 125kW all-in-one liquid-cooled solar energy storage system integrates high-performance lithium batteries, inverter, and energy management into a single unit, ensuring stable operation and optimal thermal performance. If playback doesn't begin shortly, try restarting your device.
