

PIENAAR ENERGY (PTY) LTD

Long-term payment for farm user outdoor energy storage cabinets

Overview

The Farm Storage Facility Loan Program (FSFL) provides low-interest financing so producers can build or upgrade permanent and portable storage facilities and equipment. But here's the good news: with the right long-term storage solutions, you can protect what you've worked so hard for, cut down on waste, and increase your profits. Eligible commodities include grains, oilseeds, peanuts, pulse crops, hay, hemp, honey, renewable biomass commodities, fruits and. Fully integrated, pre-configured, and packaged systems can help reduce footprint, onsite installation time, and cost, and increase quality and reliability. Scalable from Residential to Utility. Why Financing Matters for Outdoor Energy Storage Solutions The global outdoor energy storage market is booming – projected to reach \$23 billion by 2027 according to BloombergNEF. At Wattstor, we treat onsite renewables as the enabler for our Price Protect electricity supply contract.
