

PIENAAR ENERGY (PTY) LTD

Longi photovoltaic panel connector model list

Overview

In case a connector needs to be replaced you may only use connectors certified by LONGi Solar with the product acc. IEC 61215 and IEC 61730, e. Amphenol Helios H4 UTX, Sunter PV ZH202B, Staubli Multicontact MC4 and MC4 EVO2, LONGi LR5. LONGi provides you with the most comprehensive product data information so that you can quickly understand LONGi's full range of products. These Longi PV-LR5-01 solar connectors are to be used for making solar panel extension wires for Longi or other solar panels which come with PV-LR5-01 connector leads from the junction box. Access Mission Solar's entire library of downloadable data sheets, warranties, documentation and more. a plug from one manufacturer and a plug from another manufacturer or vice versa shall not be used to make a connection. Plugs and sockets coupled together in a photovoltaic system must be. At the key node of intergenerational transition of global Photovoltaic (PV) technology, the back contact (BC) cell technology is leading the new-generation PV technology paradigm revolution, becoming the core engine to drive industry cost reduction and efficiency improvement and realize energy.

Longi photovoltaic panel connector model list

LONGi Solar PV Module Installation Guide , PDF , Electrical Connector

The document provides installation instructions for LONGi Solar PV modules. It discusses identifying module types, safety considerations, installation conditions, mechanical and ...
