

PIENAAR ENERGY (PTY) LTD

Maple Leaf Solar Photovoltaic Power Generation

Overview

Maple Leaf Solar is a 73 MW solar energy project, located in the Town of Selma, North Carolina. In June 2023, Capital Power announced a 25-year, fixed price renewable power purchase agreement for 100% of the output from the project with Duke Energy Progress. It will be developed in a single phase. The project. We are dedicated to providing sustainable energy solutions and fostering partnerships with our valued wholesale customers and potential dealers. Explore our range of products, find a distributor, and take the first step towards a cleaner and brighter future. Read more about Solar capacity ratings.
