

**PIENAAR ENERGY (PTY) LTD**

# **Mobile solar container battery application**

## Overview

---

A mobile solar container can provide clean, off-grid power to remote locations, construction camps, island resorts, and field operations. The systems are expanding in application where diesel delivery is not feasible, and grid access does not exist. MOBIPOWER containers are purpose-built for projects where energy demands go beyond what a trailer can deliver. Below you can find just a few examples of the possible applications. Do you have something else in mind for the Containerphotovoltaik?

Whether you want to use solar energy to power your home, business, or something else entirely, our containers are the perfect solution. These turnkey solutions integrate solar panels, inverters, batteries, charge controllers, and monitoring systems into a single transportable unit that.

## Mobile solar container battery application
