

PIENAAR ENERGY (PTY) LTD

Modular Energy Storage Unit for Oilfield Use 40kWh

Overview

The BSI-Container-40FT-500KW-2150kWh addresses those needs by combining high-capacity energy storage with advanced control systems in a single deployable unit. The benefits span across cost savings, grid independence, and operational resilience. The mtu EnergyPack QX is a next-generation commercial and industrial battery storage solution designed to meet these evolving challenges. As the direct successor to our proven container-based QS and QL solutions, the mtu EnergyPack QX is designed for grid-connected applications and delivers. Warranty: 10 year product warranty. Availability: This item has a lead time of 2-3 months from date of order. *Note: "n" represent the quantity of BMU, from 5 to 15 pcs. The Reservoir solution combines GE's advanced technologies and expertise in plant controls, power electronics, battery management systems and electrical balance of plant - all backed by GE's performance. Scalable Power — from 5kW to 100kW continuous output. Hybrid Redundancy — solar + fuel cell or diesel ensures continuous uptime. Compact and floor-mounted, it suits homes and businesses.

Modular Energy Storage Unit for Oilfield Use 40kWh

Energy Storage Container for Modular Solutions , Enerbond

Energy Storage Container offers modular, scalable, and reliable storage capacity for renewable, residential, and industrial projects.
