Moldova cabinet energy storage system is affordable

Overview

"A typical 10 kWh lithium storage system in Chisinau now costs €4,200-€6,800 installed – 14% cheaper than 2022 prices." – Moldova Renewable Energy Association Report, 2023. This will help the country consolidate its energy security. The project is equipped with Wenergy's Stars Series 258kWh Outdoor All-in-One ESS Cabinets, designed to enhance energy flexibility, reliability, and operational. With only 8% of electricity currently generated from renewable sources (National Bureau of Statistics, 2023), the country requires energy storage systems to stabilize grids and maximize clean energy adoption. The process of tendering for the purchasing of the. State Secretary of the Ministry of Energy Constantin Borosan, at the EU4Energy Policy Forum in Copenhagen, has unveiled the vision of Moldova regarding the development of a sustainable energy system, with a focus on increasing energy storage capacities and integrating renewable sources. "Energy storage isn't just about backup power – it's the cornerstone of Moldova's energy independence strategy," says.
