

PIENAAR ENERGY (PTY) LTD

Natong Solar Photovoltaic Power Generation

Overview

A large integrated solar-hydrogen farm, located in the tidal flat area of eastern China, has officially commenced operations, according to its owner, Guohua Energy Investment Co., under the CHN Energy Investment Group (CHN Energy). The largest of its kind in China, the energy farm is. Komori Corporation (Sumida-ku, Tokyo; President and CEO: Satoshi Mochida) has begun full-scale operation of a solar power generation system at Komori Machinery (Nantong) Co. (China), Komori's production base in Nantong.

Natong Solar Photovoltaic Power Generation

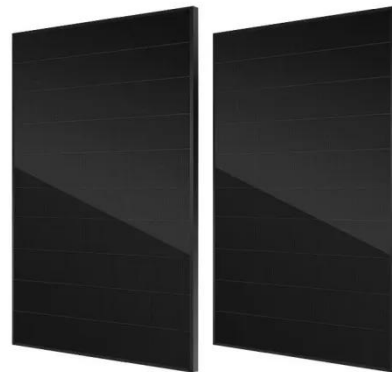

China's Largest Offshore Solar-Hydrogen Farm Starts Operation

This marks the launch of China's first comprehensive energy utilization and coastal ecological management project, integrating photovoltaic power generation, hydrogen production, ...
