Hybrid Inverter

New Energy Battery Cabinet Laboratory

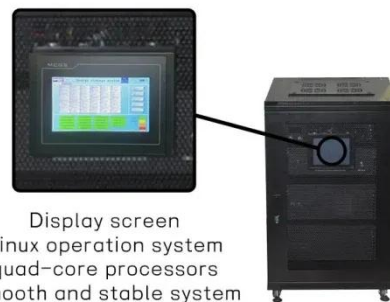

REPT BATTERO, CATRC inaugurate joint lab for new energy battery

This partnership marks the establishment of a joint innovation lab dedicated to new energy batteries.

New open-access battery lab aims to boost U.S. manufacturing and

Our versatile new lab provides open access to all the equipment innovators and manufacturers need to develop leapfrog technologies that can transform EV performance, as well as ...

Display screen
Linux operation system
quad-core processors
smooth and stable system

[Get Price](#)

New National Energy Storage Hub Will Enable Transformative Battery

Lab scientists are accelerating the development of next-generation batteries, including understanding fundamental battery processes at the atomic-scale, such as how ions move and react.
