# **New color steel photovoltaic bracket**

## Overview

---

Color steel tile roof photovoltaic bracket TS05 offers robust, corrosion-resistant, and adjustable support for solar panels. Shielden roof solar mounting systems are designed to meet the solar installation needs of modern residential and commercial buildings. Its easy installation and optimized tilt angles enhance energy efficiency, withstand harsh weather, and reduce maintenance costs, ideal for residential, commercial, and. Product InformationColor steel tile photovoltaic bracket is a kind of photovoltaic bracket system specially designed for installation on the roof of color steel tile. The main material of this system is aluminum alloy profiles, which are lightweight and have. Beijing Yijia International Trading Co., as a wholly-owned subsidiary of Hebei Aoqiang Metal Products Group, was established in 2023 with a registered capital of 10 million yuan, focusing on global trade services for new energy metal products. Relying on the parent company's more than 10.
